

Characteristics of Life Activity

Names:

Part 1: Please identify the nine characteristics of life below:

F = _____

R = _____

E = _____

D = _____

H = _____

G = _____

A = _____

R = _____

C = _____

Part 2: Your group will create a collage displaying the nine characteristics of life. Your group will find one picture for each characteristic and paste the picture onto the construction paper. Next, your group will create a label for each picture using the other piece of construction paper. On the label, identify the characteristic and why the selected picture displays the characteristic. Make sure you have a total of nine pictures and nine labels.

Here is a hint to get you started:

For the food characteristic - find a person eating some food
