

KEY:

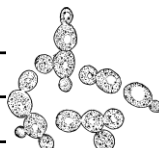

- Domain
- Kingdom
- Phylum
- Class

FUNGI:

- _____
- _____
- _____
- _____
- _____
- _____
- Species diversity: 80,000+

Single Celled:

- _____
- _____
- _____

Multicellular:

- _____
- _____
- _____

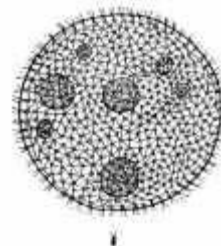

PROTOCTISTA:

- A diverse group of organisms that do not easily fit into other taxonomic groups
- _____
- _____
- _____
- _____
- _____
- Species diversity: 55,000+

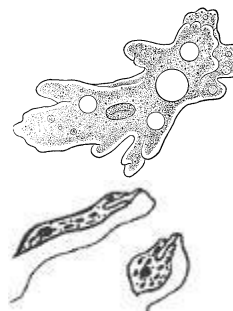

Algae: "plant like" protists

- _____
- _____
- _____
- _____
- _____

Protozoa: "animal like" protists

- _____
- _____
- _____
- _____
- _____

Bryophyta:

- _____
- _____
- _____
- _____
- Species diversity: 18,600+

Filicinophyta:

- _____
- _____
- _____
- _____
- Species diversity: 13,000+

PLANTAE:

- _____
- _____
- _____
- _____

Coniferophyta:

- _____
- _____
- _____
- _____
- Species diversity: 730+

Angiospermophyta:

- _____
- _____
- _____
- _____
- Species diversity: 260,000+
